LEARNING  
PATHWAYS Ltd

A Division of The American Education Corporation

**PUBLISHER:** Learning Pathways Limited  
in partnership with the Northern  
Grid for Learning (a consortium of  
12 LEAs in Cumbria and the north  
east of England)

**PUBLICATION DATE:** November 2002

**SUBJECT:** Numeracy Pathways

**PRODUCT TYPE:** Integrated Learning System

**COVERAGE:** Key Stages 1 & 2

NUM1B/1102

### Description

A comprehensive and fully interactive package of Numeracy curriculum content that provides complete coverage of the National Strategy at Key Stages 1 and 2. It is designed for stimulating self-paced learning of individuals, small groups or whole-class learning. The complete package offers pre- and post-test assessment, individuals and/or group lesson plans, a comprehensive selection of attractive and stimulating lessons—each with study, practice and test elements, an authoring facility and a wealth of progress reports. Written by practising UK teachers, it is a uniquely British product with each lesson fully aligned to the National Numeracy Strategy.

Numeracy Pathways supports teachers in the classroom and has shown meaningful improvement in SATs results.

### Features

- 159 Numeracy lessons covering the National Strategy at Key Stages 1 and 2 with alignment charts
- Easy to use A+® Management Software that controls student access to lessons, records performance and provides reports
- Diagnostic pre-testing
- Individual and/or class lesson plans
- Study, practice and test elements provided for each lesson
- Fully interactive age appropriate voicing and graphics
- Constant reinforcement of learning objectives
- Full use of real life scenarios
- Authoring tools
- Post-testing facility
- Total flexibility
- Monitoring and reporting

### Benefits

- Tight correlation with Numeracy Strategy
- A comprehensive, flexible, up-to-date, cost-effective solution
- Simple set-up and efficient and effective management
- Efficient diagnosis and remediation that supports effective teaching and learning and saves teachers time
- Designed to address numeracy teaching and learning needs
- Provides individual support and instant feedback for each learner
- Lessons are enhanced and understanding and concentration improved
- Helps all levels of students to achieve
- Enables students to apply knowledge to everyday situations
- Enables teachers to edit and create personalised lessons e.g. with own graphics and voicing
- Enables an effective measure of students at each Key Stage and each year

*continued...*

## Benefits *(continued)*

- Anytime learning
- Teachers can integrate Numeracy Pathways into curriculum time or use for booster sessions in before- or after-school clubs
- Complete reporting and tracking on student, class and group activity and performance
